Index to Volume 43
Journal of the American Physical Therapy Association

Pages in the JOURNAL of the American Physical Therapy Association are numbered consecutively from January through December as follows:

January	1— 72	July	489—560
February	73—152	August	561—632
March	153—240	September	633—704
April	241—320	October	705—776
May	321—416	November	777—856
June	417—488	December	857—936

SUBJECT INDEX

LEADING ARTICLES

Administration

Bases for Planning a Treatment Program, Kathryn E. Phillips, 253-256
Diagnoses and Procedures in Physical Therapy, Beatrice E. Thompson, 442-446
Differentials in Physical Therapy Procedures by Patient Category, David A. Gee and Robert J. Hickok, 721-724
Function of the Supervisor in Selected Physical Therapy Centers, Mary Lou Railsback, 447-451

Burns

Management of Thermal Trauma, J. V. Toews, 803-806

Cerebral Palsy

Measuring the Effectiveness of Physical Therapy in the Treatment of Cerebral Palsy, Wilma K. Footh and Kate L. Kogan, 867-873

Chronic Disease and Public Health

Meeting the Needs of the Chronically Disabled Geriatric Patient, Mildred O. Elson, 505-508
New Dimensions for Physical Therapy in Comprehensive Patient Care, Lydia S. Holley, 874-877
The Role of the Physical Therapist in Out-of-Hospital Programs, Lillian E. Chabala, 509-512

Education

Communication in the Improvement of Professional Performance, F. Robert Paulsen, 650-655
Development of the Council of Physical Therapy School Directors, Lucille Daniels, 111-112
Sources of Financial Assistance, Anne Pascasio, 675-678
Steps in the Accreditation of Courses in Physical Therapy, Margery L. Wagner, 173-175
What Is the Future of Physical Therapy Education?, Catherine Worthingham, 645-649

Electrotherapy

Chronaxie Determinations in Intervertebral Disc Pathology, John F. Burke and Joseph W. Miller, 265-267
Electrophysiological Bracing in Peripheral Nerve Lesions, John F. Burke, Gordon S. Pocock, and William D. Wallis, 501-504
Iontophoresis of C_{21} Esterified Glucocorticoids: Preliminary Report, William Murray, Leroy S. Lavine, and Eli Seifter, 579-581

Electromyography

Electromyographic Study of the Latissimus Dorsi Muscle, Thelma Reeder, 165-172
Electromyographic Study of the Quadriceps During Resistive Exercise, Gordon S. Pocock, 427-434
Use of Radio Telemetry for Electromyography,

Sources of Financial Assistance, Anne Pascasio, 675-678
Steps in the Accreditation of Courses in Physical Therapy, Margery L. Wagner, 173-175
What Is the Future of Physical Therapy Education?, Catherine Worthingham, 645-649

Electrotherapy

Chronaxie Determinations in Intervertebral Disc Pathology, John F. Burke and Joseph W. Miller, 265-267
Electrophysiological Bracing in Peripheral Nerve Lesions, John F. Burke, Gordon S. Pocock, and William D. Wallis, 501-504
Iontophoresis of C_{21} Esterified Glucocorticoids: Preliminary Report, William Murray, Leroy S. Lavine, and Eli Seifter, 579-581

Electromyography

Electromyographic Study of the Latissimus Dorsi Muscle, Thelma Reeder, 165-172
Electromyographic Study of the Quadriceps During Resistive Exercise, Gordon S. Pocock, 427-434
Use of Radio Telemetry for Electromyography,

Margaret L. Moore, Sally Farrand, and William Thornton, 787-791

Hemiplegia

Psychological Factors in Hemiplegia, Joan L. Bardach, 792-797

Hydrotherapy

Calcium Hypochlorite for Disinfection of Hydrotherapy Equipment, John H. Sykes, 345-347

Instrumentation

Modern Instrumentation and Its Implications for Physical Therapy, Helen J. Hislop, 257-262
Use of Radio Telemetry for Electromyography, Margaret L. Moore, Sally Farrand, William Thornton, 787-791

Kinesiology and Biomechanics

Biomechanical Analysis of Knee Function, Marian Williams and Herbert R. Lissner, 93-99
Electromyographic Study of the Quadriceps During Resistive Exercise, Gordon S. Pocock, 427-434
UCLA Functional Long Leg Brace: Biomechanics and Fabrication—A Preliminary Report, Bernard R. Strohm, John Bray, and Sam C. Colachis, 713-716

Motor Development

Development of Motor Behavior, I. W. Monie, 333-338
Implications of Research in Motor Learning for Physical Therapy, Edna Forward, 339-344

Physical Therapy

Developing Physical Therapy in a Foreign Country, Carmen Ostolaza, 877-880
Diagnoses and Procedures in Physical Therapy, Beatrice E. Thompson, 442-446
Function and Scope of the Physical Therapy Service at the National Institutes of Health, Vida Jo Niebuhr, 757-760
Modern Instrumentation and Its Implications for Physical Therapy, Helen J. Hislop, 257-262
Old Problems—New Responsibilities—1963 Presidential Address, Mary Elizabeth Kolb, 571-578
Rehabilitation and the Physical Therapist in a General Hospital, Samuel B. Chyatte, 176-178
Survey of Inactive Physical Therapists, Beth Ussher and Lydia S. Holley, 100-104
Team Concept in Patient Care, Martha Wroe, 880-883

Prosthetics and Orthotics

Hydraulic Prostheses for Above-Knee Amputees, Joan R. Erback, 105-110
UCLA Functional Long Leg Brace: Biomechanics and Fabrication—A Preliminary Report, Bernard R. Strohm, John Bray, Sam C. Colachis, 713-716

Tests and Measurements

Functional Muscle Examination and Gait Analysis, B. R. Landen and A. D. Amizich, 39-44
Measuring the Effectiveness of Physical Therapy in the Treatment of Cerebral Palsy, Wilma K. Footh and Kate L. Kogan, 867-873
Measuring and Evaluating the Gait Patterns of Children, H. Lorraine Ogg, 717-720
Postoperative Function of the Knee Joint, Helen M. Mendler, 435-441
Range of Motion of the Neck, Jane G. Bennett, Laima E. Bergmanis, Judith K. Carpenter, Helen V. Skowlund, 45-47
Testing for Photosensitivity, Theodore A. Tromovitch, Lois R. Thompson, P. H. Jacobs, 348-350

Therapeutic Exercise

Injurious Consequences of Maximal Isometric Arm Exercises, William R. Pierson and Philip J. Rasch, 582-583
Measuring and Evaluating the Gait Patterns of Children, H. Lorraine Ogg, 717-720
Physical Therapy for the Heart Surgery Patient, Vida Jo Niebuhr, 798-802
Physical Therapy for Open Heart Surgery Patients, Elise Rutledge Bradford and Martha Wroe, 656-658
Postoperative Function of the Knee Joint, Helen M. Mendler, 435-441
Progressive Exercise Program Following Menisectomy: Utilization of Lengthening Contractions, N. Wayne Kressley, 263-264

Physiology of Exercise

Quantitative Changes in Human Muscular Strength During Isometric Exercise, Helen J. Hislop, 21-38

CASE REPORTS

Dermatomyositis, Sophie R. Berman and Florine E. Logue, 268-272
Gait Training for the Severely Mentally Retarded, Carol A. Ethun and R. J. D'Angelo, 179-180
Habilitation of a Two-Year-Old Bilateral Above-Knee Amputee, Ann M. Damsbo, 584-587

Management of Cervical Fracture with Nerve Root Involvement, George Hampton and Peter D. Cline, 513-515
Physical Therapy for a Patient with Christmas Disease, Fred Rutan, 884-886
Radiographic Follow-up of Ultrasound Therapy in Calcific Bursitis, Peter D. Cline, 659-660
Rehabilitation Following Surgery for Hematomyelia, Lenora Lee Folkerth, 725-726

SUGGESTIONS FROM THE FIELD

Therapeutic Exercise

Adjustable Measuring Crutch, Theodore T. Tagawa, 113-114
Aid for Teaching Pelvic Tilt, Irene Holze, 114
A Standing Table for Home Use, P. H. Gridley, J. Christie, and C. Burtner, 808
A Tilt Table with Neck Traction in the Management of Scoliosis, Ermine R. Duccini, 661-662
Bicycle Toe Clip, Barbara T. Devine, 352
Device to Stretch Achilles Tendon, Richard V. Jackman, 729
Elastic Knee Strap for Standing Bed, Demetrius Babiak, 273
Fan-Shaped Powder Board, Demetrius Babiak, 49
Grip Roll, Julius V. Toews, 274
Knee Extension Assist Device, Edward F. Delagi and Arthur H. Ricklin, 890
Mobile Pick-up Walker, Donald Dykinga, 454
Modified Bicycle, Vera R. Ford, 182
Objective Stretching with Measured Force, Richard A. Borden, 589
Rubber Loops for Resistive Exercise, Harold Glicklin, Anne B. Good, and Jean Martens, 516
Walking Cane Improvisations, Champe Ellen Phillips, 351
Weight Boot for Resistive Exercises of the Ankle, Harriette S. Goodman, 727-728

Orthotics and Prosthetics

Application of Above-Knee Prosthesis, Raymond R. Rodriguez, 48-49
Assistive Device for Locking Brace Knee Joint, Jerome Brill, 807
Modified Canadian-Type Syme's Pylon, Alice L. Eason, A. E. Reichelt, M. Itoh, 452-453
Reversing the Calf Cuff of a Short-Leg Brace for the Hemiplegic Patient, Michael J. Oliva, 887-889
Simple Opponens Splint for Children, Bruce T. Bobb, 588

Miscellaneous

Aero-Kromayer Wooden Applicator Rack, Demetrius Babiak, 181
Elastic Bandage Dispenser, Champe Phillips, 809
Whirlpool Safety, Barbara T. Devine, 663

ASSOCIATION BUSINESS

Annual Reports (1962-1963), 597-616
House of Delegates Minutes (1962), 119-122
House of Delegates Minutes (1963), 739-749
Proposed Revisions of the Bylaws of the American Physical Therapy Association, 203-213
Executive Committee and Board of Directors—June 23, 1962, to January 1, 1963, 534-537
January 1, 1963, to May 25, 1963, 605-606
June 1, 1963, 899-900
Nominating Committee Report (1963), 187-189
World Confederation for Physical Therapy Annual Report (1962), 539-540; WCPT Fourth Congress Report (1963), 825-829
Old Problems—New Responsibilities—1963 Presidential Address, Mary Elizabeth Kolb, 571-578
Physical Therapy Faculty Rosters for 1963-1964, 830-832

IMPORTANT NOTICE

Increased postal rates and rising production costs have made it necessary to increase subscription rates.

Costs of publication and mailing now exceed income—and the new rate change will take effect on

January 1, 1964.

Nonmember subscriptions	$10.00
Foreign subscriptions (including Canada)	$12.00
Single issues	$ 2.00

Had you planned to complete your volumes of the *JOURNAL*—get back copies for your library, school, or a research project?

Order *before* January 1, 1964,

and take advantage of the old rates.

Journal of the American Physical Therapy Association
1790 Broadway, New York, New York 10019
